Lane Tracking package

Blind Spot Assist

Lane Keeping Assist

The Lane Tracking package includes Blind Spot Assist and Lane Keeping Assist – highly intelligent features to help you stay safe on the road by making the drive more effortless, and to alert you to any emergency.

Lane Tracking package (code 22P) – designed and priced as a package, including items as listed below.

All models

Total incl. VAT £595.00

Lane Tracking package comprises:

Blind Spot Assist

Visible warning in exterior mirrors if vehicle is detected in the blind spot. Audible warning if indicating to move out of lane when a vehicle is detected in the blind spot

Lane Keeping Assist

Vibrates the steering wheel when detecting unintentional drifting out of lane

Driving Assistance package

The Driving Assistance package contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency. It includes Active Blind Spot Assist, Active Lane Keeping Assist, BAS PLUS with Cross-Traffic Assist, DISTRONIC PLUS with Steering Assist and Stop&Go Pilot, and the PRE-SAFE® anticipatory safety system.

Driving Assistance package (code DP2) – designed and priced as a package, including items as listed.

All models: only available with automatic transmission

Total incl. VAT £1,695.00

DISTRONIC PLUS

Driving Assistance package comprises:

Active Blind Spot Assist

Displays a warning light in the exterior mirrors if another vehicle is detected in the blind spot. If a lane change is attempted with another vehicle in the blind spot, the system warns the driver and helps prevent an imminent collision by one-sided braking intervention

Active Lane Keeping Assist

Detects signs of inadvertent drifting out of lane and warns the driver by vibrating the steering wheel and, if necessary, triggers one-sided braking intervention

BAS PLUS with Cross-Traffic Assist

If a critical situation is recognised and the driver applies the brakes, BAS PLUS can increase the brake pressure according to the situation, ideally preventing a collision with other vehicles or pedestrians

DISTRONIC PLUS with Steering Assist and Stop&Go Pilot

DISTRONIC PLUS is a radar assisted cruise control that helps the driver to maintain a safe distance from the vehicle ahead, even when braking to a stand-still. Steering Assist tracks road markings and the path of the vehicle ahead to keep the vehicle on track

PRE-SAFE® Brake with pedestrian detection

When the danger of a collision with another vehicle or a pedestrian is recognised, PRE-SAFE® Brake gives the driver a visual and acoustic warning. If there is no reaction, the system can reduce the vehicle speed autonomously – right up to full emergency braking

PRE-SAFE® PLUS

Initiates occupant prevention measures if a rear-end collision is imminent, including activating the hazard lights, reversible belt tensioning, adjustment of passenger seat positions and closure of windows

Night package

How to lend your C-Class dramatic effect? Simply add the Night package. Exclusively available for the C-Class Coupé, 18" 5-twin-spoke bicolour alloy wheels with further design details in high-gloss black add a distinct character to the exterior.

Mercedes-Benz Finance

Why should you finance with Mercedes-Benz?

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local Mercedes-Benz Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- Funds are immediately available – no waiting for cheques or loans to clear.
- There is no security required – either against your home or other assets.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Mercedes-Benz Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit www.mercedes-benz.co.uk/fandi.

Mercedes-Benz Agility (our PCP product).

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

Agility features:

- Fixed regular payments mean you can easily budget.
- Payments are based only on a proportion of the vehicle's value, keeping your monthly payments lower.
- Our Guaranteed Future Value avoids the risk of unplanned depreciation of your vehicle.
- You defer your ownership decision until the end of the agreement.

At the end of your agreement you have three options to choose from.

Option 1: Purchase your Mercedes-Benz.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.¹ This will complete the purchase of your Mercedes-Benz, leaving you free to simply enjoy your vehicle.

Option 2: Hand back your Mercedes-Benz.

If you decide to return your vehicle to us, it must be in line with our Vehicle Return Standards,* as vehicle condition, excess mileage and other charges may be payable.

Option 3: Part-Exchange for a new vehicle.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.¹ This will complete the purchase of your Mercedes-Benz, leaving you free to part-exchange for a new vehicle.

¹Please note the 'Purchase Activation Fee' of £10 will be debited from your account *To find out more information about our Vehicle Return Standards please visit <http://mercedes-benz.co.uk/vrs>
