The hard facts to melt your heart

At Mercedes-Benz we appreciate the importance of detail. Over the following pages you'll find model prices and a breakdown of standard and optional equipment, as well as details of the comprehensive services and benefits that are available to every Mercedes-Benz driver.

Of course, some things have to be experienced to be truly appreciated, such as the qualities that set a Mercedes-Benz apart. Which is why we'd like to invite you for a test drive at your local Mercedes-Benz Retailer. Alternatively, you can make arrangements by visiting www.mercedes-benz.co.uk/testdrive

We are G-Class.

A claim that visitors to the production facility in Graz will hear often. The G-Class has been hand-built here for the last 35 years – filling everyone involved with pride. The variety of models necessitates to this day a manual process on just one production line. From a range of more than 10,000 individual parts, experienced technicians therefore select the 3000 or so that they need, which they then assemble with exemplary care to create a new G-Class. Only after more than 100 man-hours of work – almost three times as much as for a machine-produced vehicle – will a G-Class leave its place of origin.

Tried, tested and Schöckl-proof.

Boulders protruding half a metre out of the track. Massive tree roots breaking through the surface. The sort of terrain that would defeat any other vehicle. Welcome to the ‘Schöckl’ mountain. During the ongoing process of development, a G-Class must survive several thousand kilometres or more on the company’s own test track. Only once the axles, frame, bodyshell, drive train and major assemblies are proven to hold out longer than their drivers, will we certify them as ‘Schöckl-proof and ready for series production’.

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your G-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

To receive a personalised ServiceCare plan recommendation visit the ServiceCare Calculator at servicecarerates.mercedes-benz.co.uk

Mercedes-Benz Finance

Why should you finance with Mercedes-Benz?

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local Mercedes-Benz Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- Funds are immediately available – no waiting for cheques or loans to clear.
- There is no security required – either against your home or other assets.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Mercedes-Benz Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit www.mercedes-benz.co.uk/fandi.

Mercedes-Benz Agility (our PCP product).

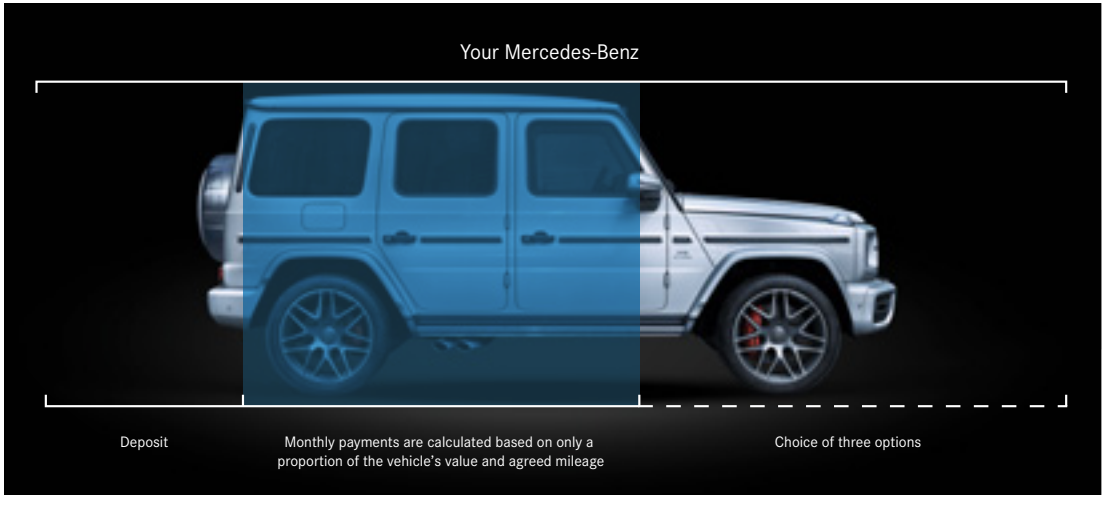

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

Agility features:

- Fixed regular payments mean you can easily budget.
- Payments are based only on a proportion of the vehicle's value, keeping your monthly payments lower.
- Our Guaranteed Future Value avoids the risk of unplanned depreciation of your vehicle.
- You defer your ownership decision until the end of the agreement.

At the end of your agreement you have three options to choose from.

Option 1: Purchase your Mercedes-Benz.
Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.[1] This will complete the purchase of your Mercedes-Benz, leaving you free to simply enjoy your vehicle.

Option 2: Hand back your Mercedes-Benz.
If you decide to return your vehicle to us, it must be in line with our Vehicle Return Standards,* as vehicle condition, excess mileage and other charges may be payable.

Option 3: Part-Exchange for a new vehicle.
Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.[1] This will complete the purchase of your Mercedes-Benz, leaving you free to part-exchange for a new vehicle.

[1]Please note the 'Purchase Activation Fee' of £10 will be debited from your account *To find out more information about our Vehicle Return Standards please visit http://mercedes-benz.co.uk/vrs
