S 560 e L plug-in hybrid

Combining the best of both worlds, this new S-Class plug-in hybrid offers excellent performance while keeping emissions to a minimum. The hybrid drive system in the S 560 e L combines the 367 hp (270 kW) of the V6 combustion engine with an electric output of 90 kW. Intelligent technology, courtesy of the third-generation EQ Power hybrid transmission, makes for smooth gear changes. Meanwhile, ECO Assist promotes anticipatory, economical driving. The S 560 e L has an all-electric range of around 30 miles. In conjunction with a wallbox charger, the car's 7.2 kW on-board charger allows fast charging of the battery in just two hours.

The S 560 e L plug-in hybrid is available in both AMG Line and Grand Edition equipment lines.

BP Chargemaster Homecharge – simple, convenient, faster charging

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a Homecharge wallbox through our charging partner BP Chargemaster. Driving Assistance package

More comfort and less stress for the driver, and therefore more safety for all road users, for example by virtue of semi-automated driving, autonomous braking in certain dangerous situations and active assistance during evasive and braking manoeuvres initiated by the driver.

Active Lane Keeping Assist (blue) and Active Blind Spot Assist (red)

Driving Assistance package (code 23P) – including items listed below, designed and priced as a package. **Total incl. VAT £1,695.00**

Standard on Mercedes-AMG S 63 L and Mercedes-AMG S 65 L

Active Distance Assist DISTRONIC controls the distance to vehicles in front up to a speed of 131mph and if necessary brakes the vehicle with up to 50% of the maximum braking power
Active Steering Assist helps the driver keep the vehicle in the centre of its lane on straight stretches of road or slight bends. Reduces the risk of accidents and improves protection for both the occupants and other road users
Active Speed Limit Assist adopts speed limits detected automatically as the new set speed for Active Distance Assist DISTRONIC
Active Braking Assist with Cross-Traffic Function and Congestion emergency braking function can help to avoid or lessen the consequences of accidents with vehicles in front as well as crossing vehicles and pedestrians
Evasive Steering Assist is able to support the driver with making an evasive manoeuvre when, in a situation of danger, he/she decides to avoid a pedestrian who has been detected by the system
Active Blind Spot Assist can warn the driver of vehicles in the blind spot during a lane change and can help to avoid a collision by means of one-sided brake application
Active Lane Keeping Assist can warn the driver when they unintentionally leave their lane and can use one-sided brake applications to help manoeuvre the vehicle back into its lane (including in the case of broken lane markings if there is a risk of collision)
PRE-SAFE® PLUS is able to initiate preventive measures to protect occupants against an impending rear impact, including warning traffic following behind, activating the seat belt tensioners or applying the brakes when the vehicle is stationary
Route-based speed adaptation adjusts speed before curves, roundabouts, junctions, toll roads. Allows for smoother and more accurate functionality of several driving assistant systems

01

01 | Velour floor mats CLASSIC, set, 4-piece (A22268060489F87)
Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour, even after three winters of use, are all specifications which must be met without compromise. The mats are precision-tailored to your Mercedes-Benz using the vehicle's original CAD data. Can be clip-fastened to the floor to prevent slipping.
RRP £136.80 (incl. VAT)

02

02 | Reversible mat (A2226800046)
100% polyester. Double-sided: rubberised, non-slip side and high-quality velour side. Design allows concertina load sill protector to be connected. Tailored to contours of load compartment. Helps protect load compartment floor from spillages and dirt. Easy to clean.
RRP £129.60 (incl. VAT)

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO_2 emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO_2 emissions are listed in the technical data on pages 62 and 65, and the relevant Excise Duty is reflected in the on-the-road prices on pages 8–9.

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your S-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

To receive a personalised ServiceCare plan recommendation visit the ServiceCare Calculator at servicecarerates.mercedes-benz.co.uk

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects[1] and up to 30 years warranty against perforation due to corrosion from the inside out.[2] What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.[2]

Motor Insurance

Superb cover comes as standard. When reviewed by an independent research company, Defaqto, Mercedes-Benz Motor Insurance received a five-star rating, the highest rating available. We design our Motor Insurance specifically for Mercedes-Benz drivers.

Mercedes-Benz Finance

Why should you finance with Mercedes-Benz?

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local Mercedes-Benz Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- Funds are immediately available – no waiting for cheques or loans to clear.
- There is no security required – either against your home or other assets.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Mercedes-Benz Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit www.mercedes-benz.co.uk/fandi.

Mercedes-Benz Agility (our PCP product).

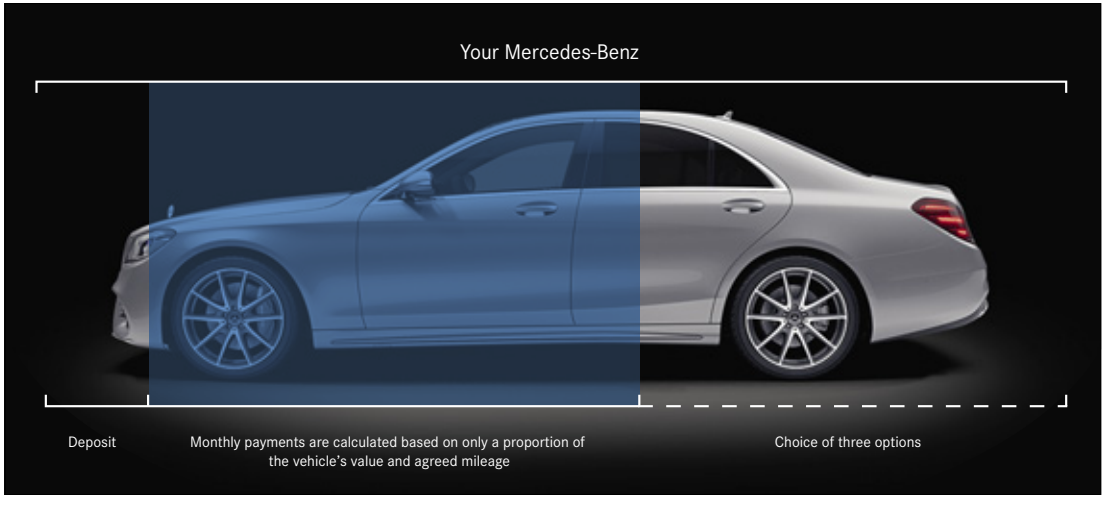

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

Agility features:

- Fixed regular payments mean you can easily budget.
- Payments are based only on a proportion of the vehicle's value, keeping your monthly payments lower.
- Our Guaranteed Future Value avoids the risk of unplanned depreciation of your vehicle.
- You defer your ownership decision until the end of the agreement.

At the end of your agreement you have three options to choose from.

Option 1: Purchase your Mercedes-Benz.
Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.[1] This will complete the purchase of your Mercedes-Benz, leaving you free to simply enjoy your vehicle.

Option 2: Hand back your Mercedes-Benz.
If you decide to return your vehicle to us, it must be in line with our Vehicle Return Standards,* as vehicle condition, excess mileage and other charges may be payable.

Option 3: Part-Exchange for a new vehicle.
Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.[1] This will complete the purchase of your Mercedes-Benz, leaving you free to part-exchange for a new vehicle.
