The new EQA
Effective from December 2021 Production.
Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.
Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.
EQA
Sustainability
The Rastatt factory, where the new EQA is built, reduced its CO₂ output by 58% from 2011–2019 and all our Mercedes-Benz factories around the world plan to be CO₂ neutral by 2022.

Sustainable production.

Sustainable mobility.

Locally emission-free driving pleasure, virtually silent with full access to inner city zones. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

Sustainable materials.

To ensure the responsible mining of cobalt, lithium and other battery raw materials, Mercedes-Benz has already made the IRMA Standard for Responsible Mining a contractual component for all future vehicle projects.
Mercedes me Charge – Green charging

To promote the use of electricity from renewable energies, Mercedes-Benz uses guarantees of origin to ‘green’ the charging process, whose quality is defined by an eco power label.

This ensures that an equivalent amount of electricity from renewable resources is fed into the grid to compensate for the charging of your EQA.

All new EQAs have three years of Mercedes me Charge as standard and the Green Charging guarantee is included with this.
Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or optional gesture input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control
- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Touch inputs
- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Personalisation
- Turn the new EQA into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service
- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX – it will tell you the answer

¹LINGUATRONIC off-board functions are currently only available for three years

Multi-gesture touchpad control

MBUX multimedia system with DAB digital radio

Mercedes-Benz User Experience (MBUX)
Mercedes me connect Stay connected any time, anywhere.

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Mercedes me connect helps to keep you and your car safe
Check your car’s washer fluid level, tyre pressure and battery level from your phone so you’ll be ready for every journey.

Infotainment – Online and Entertainment services from Mercedes me connect
Love music? Get a 3-month free subscription to Tidal when you connect your car.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect
Forgot where you’ve parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you’re in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

Comfort – connect to your car anytime, anywhere
Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

Mercedes-EQ specific services
Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The Mercedes-EQ specific navigation considers electrical range, topography and charging stations.

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model
²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

For more information speak to your local Retailer or visit the Mercedes me connect store at shop.mercedes-benz.com/en-gb/connect
Benefits of driving Mercedes-EQ

Mercedes-EQ couple the locally emission free, refined drive and effortless powertrain of an electric vehicle with the luxury, elegance and high-quality craftsmanship of a Mercedes-Benz.

Click here for more information

Lower running costs
We’ve partnered with Go Ultra Low, a joint Government and car industry campaign, to give you unbiased advice on making the switch to an electric car. Use Go Ultra Low’s cost saving calculator to see how much you can save. Click here to discover more.

Performance
Instant torque provides effortless driving pleasure.

No road fund licence
Mercedes-EQ vehicles have no local emissions – this means you pay no road tax.

Cleaner vehicle discount
Mercedes-EQ battery electric vehicles are congestion charge and ultra low emission zone charge exempt in London.

Business benefits
With 100% first-year capital allowances¹ and 1% BIK tax, electric cars offer significant benefits to businesses and employees.

Refinement
Acoustically optimised and a near-silent powertrain means that driving Mercedes-EQ provides a sensory experience of luxurious refinement. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

¹100% first-year capital allowances only apply to vehicles less than 50 g CO₂/km

**Attention**

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control when plugged into a charge point will ensure the perfect ambiance and ensure that your car is just how you like it, as well as making sure that your battery isn’t used unnecessarily to heat/cool the vehicle (maximising range).

Mercedes me Charge provides access to a multitude of public charging stations located in shopping centers, hotels or at motorway services. A smartphone app as well as the vehicle’s navigation system show the precise location, current availability and price at the selected charging station.

**Tens of thousands charging stations in the UK**
Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse+ membership which reduces the electricity price when charging.

**Access to fast-charging stations**
Enables customers to get access to charging stations of different providers with:
- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

**Green charging**
All charging using Mercedes me Charge, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

**Transparent and easy billing**
One invoice charging processes for payment.

**Easy access**
Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

**No fees**
Mercedes me Charge is standard for three years with discounted IONITY rapid-charging for one year.
bp pulse home charger 7 kW: £525* incl. VAT & standard installation

Key benefits of the 7 kW bp pulse home charger:

Robust and weatherproof, for indoor or outdoor use, and comes with a three year warranty

The cost for a fully-installed charge point at your home includes the £350 OZEV (EVHS) grant³

As a Mercedes-Benz driver, when you install a bp pulse home charger you will automatically receive three months FREE membership to bp pulse, the UK’s largest public charging network with over 7,000 charge points

Questions?

Please contact your local Retailer to submit an enquiry on your behalf.
To find your local Retailer, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price includes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase) ²Based on 7 kW power output ³The bp pulse home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV) and is provided and installed by bp pulse home charger plc. For full details and eligibility criteria for the OZEV EVHS Grant, see https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21. For full bp pulse home charger Terms & Conditions visit https://chargemasterplc.com/terms_conditions

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a bp pulse home charger. The 7 kW bp pulse home charger delivers a full charge overnight in around 11 hours¹ – that’s up to three times faster than using a 13 A three-pin domestic plug.²

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.
High specification as standard.

The EQA Sport includes strong specification as standard. The interior includes dual 10.25-inch displays creating the widescreen cockpit, heated seats as well as ARTICO man-made leather upholstery. On the exterior this includes LED High-performance headlamps with integrated light bars on the front and rear. Safety also comes as standard with Active Lane Keeping Assist and the Parking package with reversing camera.

EQA Sport

OTR from £45,645¹

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£715.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

Option shown: denim blue metallic (code 667)
## Exterior
- 18" alloy wheels – 5-spoke design, aerodynamically optimised, painted black with a high-sheen finish (code R31)
- Badge on the wing in high-gloss black with blue 'EQA' lettering
- Black panel radiator grille
- Comfort suspension
- EASY-PACK tailgate
- Front and rear LED light band

## Additional Features
- LED High-performance headlamps with Adaptive Highbeam Assist
- Mirror package – electrically folding mirrors and automatically-dimming exterior driver’s mirror and rear-view mirror
- Polished aluminium roof rails
- Privacy glass
- Summer tyres
- Surround lighting with projection of brand logo
**Interior**
- Ambient lighting
- Heated front seats
- Seat Comfort package – including manual front passenger seat height adjustment, manual seat cushion angle adjustment for the driver and front passenger and manual seat cushion depth adjustment for improved seating comfort thanks to a 60mm greater supporting surface for the thighs

**Steering wheel**
- 3-spoke multifunction steering wheel, trimmed in leather
- THERMOTRONIC automatic climate control
- Velour floor mats

**Trim and Upholstery**
- Spiral-look trim
- ARTICO man-made leather – black (101A)
- ARTICO man-made leather – macchiato beige/black (105A)

**Communications, Safety and Assistance Systems**
- Active Lane Keeping Assist
- Active Speed Limit Assist
- DAB digital radio
- Hard disk navigation
- MBUX multimedia system with 10-inch instrument display and 10-inch media display with touchscreen
- Mercedes-Benz sound system
- Parking package with reversing camera
- Smartphone integration¹ including Apple CarPlay® and Android Auto™

*¹Compatible mobile phone required
Sports styling courtesy of AMG

The EQA AMG Line adds to the strong specification with more aggressive sports styling. The exterior is defined through the use of the 18” AMG 5-spoke alloy wheels, AMG bodystyling as well as the distinctive black panel grille with twin-blade design in chrome. The interior is accented through the use of aluminium trim, sports pedals and a flat-bottomed sports steering wheel, complemented by the black ARTICO man-made leather/DINAMICA microfibre upholstery with red topstitching.

¹The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Battery Electric Vehicles (BEV) require mains electricity for charging; range figures determined with the battery fully charged.  
²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at http://www.mercedes-benz.co.uk/WLTP.  
³A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 43 for the relevant rate for the second and subsequent years.  
⁴The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£715.00 incl VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

The Driving Assistance package contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

**Driving Assistance package** (code PAY) - designed and priced as a package

Available on all models  

Total incl. VAT £1,495.00

**Active Distance Assist DISTRONIC**
- Active Speed Limit Assist
- Extended automatic re-start on motorways
- Route-based speed adaptation with end of traffic jam function

**Active Blind Spot Assist with Exit warning function** can warn the driver of vehicles in the blind spot when driving or when opening the door to exit the vehicle

**Active Steering Assist**
- Active Emergency Stop Assist with SOS function – immediate emergency braking if evasion is impossible
- Active Steering Assist prevents unintentional drifting out of lane through targeted steering intervention

**Active Brake Assist** with turning manoeuvre function, cross-traffic function and congestion emergency braking function

**Evasive Steering Assist** can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

**Active Lane Keeping Assist**
- Pedestrian warning function near pedestrian crossings
Trailer coupling with ESP® trailer stabilisation ¹ (code 550)

Available on all models

Total incl. VAT £750.00

Expand your transport options: with this practical equipment you can hitch up both trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all – and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

Even when driving you can benefit from a comprehensive safety concept: the ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

¹Please be aware fitment of this option will impact expected range

### Battery and Charging

- **11kW AC on-board charger**
- **66.5kWh battery**
- **100kW DC on-board charger**
- **CCS connector (Combined Charging System, compatible with AC and DC)**
- **Charging cable – Mode 2 cable (5 metres), enables you to charge the vehicle battery via a domestic plug socket**
- **Charging cable – Mode 3 cable (5 metres), enables you to charge the vehicle battery via the wallbox or at public charging stations at up to 11kW**
- **IONITY – one year, Rapid charging with IONITY**
- **Mercedes me Charge – three year subscription – fully integrated access to a host of public charging stations. A single contract covers all billing. One-time registration and activation as part of Mercedes me connect. Use via app, MBUX multimedia system or RFID card**

### Steering and Suspension

- **Comfort suspension**
- **Cruise control**
- **DYNAMIC SELECT – three different drive programs: ECO, COMFORT and SPORT. Five recuperation levels: D Auto (ECO Assist, standard setting); D + (coasting); D (low recuperation); D - (medium recuperation); D - - (high recuperation)**

### Exterior

- **Adaptive Highbeam Assist**
- **AMG Line bodystyling**

### Wheels

- **18″ alloy wheels – 5-spoke design, aerodynamically optimised, painted black with a high-sheen finish, 235/55 R18 tyres on 7.5J × 18 ET53.5 wheels (code R33)**
- **18″ AMG alloy wheels – 5-spoke design, aerodynamically optimised, painted high-gloss black with a high-sheen finish, 235/55 R18 tyres on 7.5J × 18 ET53.5 wheels (code RQQ)**
- **19″ AMG alloy wheels – 5-twin spoke design, aerodynamically optimised, painted high-gloss black with a high-sheen finish, 235/50 R19 tyres on 7.5J × 19 ET53.5 wheels (code RTF)**
- **Summer tyres**

</thead>
</table>

### Interior

- Ambient lighting – 64 colours, Colour changing based on temperature setting. Dynamic mode: atmospheric colour changes thanks to slow, stepless transition between different colours. When plugging in the charging cable, each state of charge is visualised for approx. 30 seconds, similar to the LED in the charging socket: establishing connection (pulsating yellow), ready to charge (continuous yellow), battery is being charged (pulsating green), battery full (continuous green)
- Auto-dimming interior mirror
- Door sills – illuminated with ‘EQA’ lettering
- Double cupholder
- Floor mats – AMG
- Floor mats – velour
- Interior Light package
- Multifunction sports steering wheel in nappa leather
- Multifunction steering wheel in leather
- Pedals – aluminium with rubber studs
- Pedals – rubber
- Rear armrest with through-load feature
- Seat Comfort package – including manual front passenger seat height adjustment, manual seat cushion angle adjustment for the driver and front passenger and manual seat cushion depth adjustment for improved seating comfort thanks to a 60 mm greater supporting surface for the thighs
- Seats – comfort seats
- Seats – heated front seats
- Seats – sports seats
- Shift paddles

### AMG Line

- Shift paddles – galvanised
- Stowage compartment with retractable cover
- Stowage package – 12 V socket left of the luggage compartment; collapsible crate under load compartment floor; map pockets on backs of the front seats; stowage compartment under load compartment floor (lockable); twin USB charging ports in the rear (type C)
- THERMOTRONIC automatic climate control

### AMG Line Premium

- Paint – non-metallic
- Roof lining – black fabric
- Trim – aluminium
- Trim – spiral-look
- Upholstery – ARTICO man-made leather
- Upholstery – ARTICO man-made leather/DINAMICA microfibre

### Paint, Trim and Upholstery

- Shift paddles
  - AMG Line
  - AMG Line Premium

### Safety and Assistance Systems

- Active Brake Assist
- Active Lane Keeping Assist
- Active Speed limit Assist
- KEYLESS-GO Comfort package
- Kneebag

### Services

- **Vehicle Set-up and Vehicle Monitoring** – three years; remote retrieval of vehicle status; programming of auxiliary heating/ventilation; remote door locking and unlocking; parking damage and theft notification; notification when exceeding the road speed; Send2Car; parked vehicle locator; geofencing; remote vehicle finder

¹Compatible mobile phone required
Genuine accessories

We’ve developed a range of accessories you can add to help personalise and enhance your EQA.

**DUO plus child seat, with ISOFIX**
Safe and secure: children between the ages of 9 months and 4 years (weight 9 to 18 kg) will enjoy travelling in the ‘DUO plus’ child seat from Mercedes-Benz. The seat offers optimum protection in the event of an accident. A quick change of position: sitting, reclining and sleeping positions are adjustable with one simple manoeuvre. (A0009704302)

**KIDFIX XP child seat, with ISOFIX**
Support and safety for older children too: The KIDFIX XP child seat is suitable for children between the ages of 3.5 to 12 years (body weight of 15–36 kg). It is securely attached to the vehicle using ISOFIX. The front-facing seat can also be secured in place using the 3-point seat belt. (A0009704902)

**Coolbox**
Be it cool drinks, a picnic or baby food: the thermoelectric refrigerator box cools upon request and is the perfect companion on any day out. Thanks to its extra thick insulation it can cool up to 5°C, but a max. of 20°C under the outside temperature. It fits perfectly into every Mercedes-Benz vehicle and holds 13 litres. (A0008205409)

**Floor mats trays, dynamic squares, front, 2 piece**
Made from robust, washable TPE material for heavy use. Completely covers the footwell. The higher edges and the surface design keep dirt and water at bay. Branded with the distinctive Mercedes star logo. (A24360086009050)

**Door handle recesses, large, 2-piece**
High-sheen door handle recesses in chrome design. Protect the recess behind the door handle from scratches and offer a high-quality, individual look. (A2057604000)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Retailer for more information. Images shown are for illustration purposes only.
Boot tub, shallow

For everyday transport choose the easy-care boot tub. The shape of the tub, with its slightly raised edge, is optimally tailored to the load area. Structured surface prevents the load from sliding around. (A2438140000)

Stowage crate

The robust plastic stowage box creates order in the boot. The box can be divided into two sections using the enclosed rigid dividing element and be combined with the Mercedes-Benz boot tub thanks to the ribbed structure at the bottom. Capacity: 51 litres. (A0008140400)

*Figures according to Regulation (EC) No. 595/2009 in the currently applicable version.*

²Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three phase) or standard socket (single phase).

³If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

⁴Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at [http://www.mercedes-benz.co.uk/WLTP](http://www.mercedes-benz.co.uk/WLTP).

⁵Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 300 kW.

*Mass of the vehicle in running order with at least 90% full fuel tank, plus the mass of the driver (estimated by law at 75 kg), fuel and fluids, equipped with the standard equipment as specified by the manufacturer as well as, where applicable, the mass of the body, cab, trailer coupling and spare wheel(s) as well as tools. Optional extras, additional equipment and accessories can influence the weight, residual payload, rolling resistance, aerodynamics, etc., and therefore also affect the consumption/CO₂ values.

EQA AMG Line/AMG Line Premium

All measurements in millimetres. The dimensions shown are mean values and apply to standard specification, unladen vehicles.
Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing page.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

¹Applies to all Mercedes-Benz diesel models which do not comply with RDE (Real Driving Emissions) Step 2 Certified (Euro 6d)

²Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge, number plates, fuel and VAT
Services and insurance

**Mercedes-Benz ServiceCare**
We believe that servicing costs should be as flexible and affordable as possible for your EQA, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.
With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation.
You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[Click here for more information](#)

**Warranty and breakdown cover**
Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out². What’s more, it’s also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance².

**Battery Warranty**
The battery comes with an eight-year 100,000-mile warranty.

**Motor Insurance**
We know that once you have chosen your Mercedes-Benz you can’t wait to drive it – that’s why we created First Cover³. It gives you 7 days² free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Retailer. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Retailers  
²Subject to full Terms and Conditions, dependent on date of registration, available upon request  
³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
